President
April Hartseil

I just wanted to start by thanking all of you for the job you do each and every day. I hope all you made it through the holidays well and are back in the groove of helping others. As I write this article I reflect on the year and how fast the time goes when you are enjoying the things that you do. I take my responsibility as your president very seriously and want what is best for all our members. (continued)
President’s Message (cont.)

If you have any spare time to volunteer for our organization, we would love to have you on either a committee or on the board. Now is the time to step up and begin placing your information to run for a board position, or to put your committee application in for next year’s picks. The more people we can get involved the better. Do you have the skills to help? Please feel free to contact me at President@face-online.org and I will be happy to assist you picking out the best place for your abilities. Now is the time to get the applications in. Do not hesitate. We can always use you. We have been calling out for someone with the computer experience to help maintain our website and the blog. If you can help, please step forward and we will put you to work.

This year is very important for all of you to reach out to your Senators and Representatives and let them know that you support House Bill 113 and Senate Bill 822. This bill proposes tougher penalties to those who commit a crime on the Code enforcement officers in the line of their duty and extends further protection for all of us. If you need help identifying your representatives, please contact Mitch Posner or myself. We are always happy to assist you. F.A.C.E. keeps you informed of these proposed changes in the law and offers our support. We cannot do it alone. It is also up to you to let your representatives know that you support these bills. Please pick up the phone or send an email today.

Your board has been very busy this year. Cindy Drake and her committee are doing an awesome job on preparing for the 2019 conference. This will be our 30th anniversary; her team is planning some special surprises for us. The conference information and sign up will be coming very soon. Please look for this information, and I look forward to seeing everyone in Orlando.

The board is also looking into how it can improve your experience with our website. We want to increase user interaction and ensure we are user friendly and attractive to all of you. If you have computer knowledge of software programs and website applications, please reach out to me. We are always looking for volunteers.

I am available for our membership at any time, if you have an issue or want to bring anything to the board or just want to talk about what each position and committee completes throughout the year, please reach out to me. We always need a few good people and that means you.

Lastly, I not only want to thank each one of you for your dedication, but I want you to be safe out there. Please stay alert of your surroundings always and follow your instincts. We strive to keep each of you safe through our trainings, but it is up to you to do your part also. I will always remember that this may not be a thankful job, but it is a rewarding job. Be safe my friends.

Sincerely,

April Hartseil
President

Time passes too fast, and 2019 is upon us. I hope everyone had a wonderful holiday season and you are enjoying the beginning of 2019. Your F.A.C.E. Board of Directors had a very productive meeting trying to complete this year’s objectives and look toward the future. Many agenda items were discussed and each of your officers are working hard for the membership.

Your Education and Certification committee is working diligently on their assigned tasks, and we are about to have our final meeting on the presentation of the completed Fundamentals PowerPoints and classroom materials to the Board of Directors for final approval. We are also seeking final review and approval from our testing company, so they can create new questions for the exam bank. We are excited to roll out the updated Fundamentals course.

The committee has reviewed many requests for continuing education hours, decertification appeals, and legal paper approvals. I want to thank the 2018/2019 Education & Certification committee for all their hard work:

- Margaret (Peggy) M. Arraiz with the City of Fort Pierce
- Joseph Oliva with the City of West Palm Beach
- Jo Forti Associate member from the GCACE area
- Chalimar Gregory with the City of Stuart

The Board of Directors and its Committees are working diligently for the membership again this year. I encourage everyone to be as involved as possible with your association.

Check your membership status, certification status, and continuing education hours via the Member Portal on the F. A. C. E. Website:

3rd Vice President
Sam Sullivan

I am humbled by the Board’s request that I finish the term of the vacated Third Vice President position.

I am excited for another opportunity to help our association grow. I am currently putting together a committee who will help me with my primary focus over the next few months: increase our membership. The committee and I will identify jurisdictions that are not members and persuade them to join by showing off all the advantages that come with being a part of the Florida Association of Code Enforcement.

In addition to seeking new members, I will be at the membership’s beck and call so please don’t hesitate to reach out to me at tvpresident@face-online.org.

Thanks again to the Board for their trust in me.

Sergeant-At-Arms
Mitch Posner

At the latest Board of Director’s meeting, there was a discussion about the current F.A.C.E. By-laws and the Board has asked the Legislative Committee to review descriptions and duties of Board positions.

Specifically, we’ll be looking at any inconsistencies and possibly including any customary duties in the By-laws themselves. Any proposed changes will, of course, be disseminated to membership in plenty of time to be perused before elections in June.

On the legislative front, we are still efforting to have Code Officers given high-risk status, as previously mentioned. At this point, we are working two possibilities, the first is the original plan of lobbying to add Code Officers to an existing bill for 911 Operators and our Lobbyist, Ryan Matthews, has been continuing those efforts. Additionally, we are working the possibility of a similar bill being introduced next year specifically regarding our profession. Legislative Committee member Steve Hunnicutt has been instrumental in that endeavor.

If anyone would like a head start regarding elections at Conference, please feel free to contact me at sergeantaa@face-online.org. I will be happy to avoid the later rush and get you Delegate forms to fill out and return now. And, of course, feel free to contact me regarding any other legislative queries or concerns.
Comptroller
Michelle Forstrom

The financial status of F.A.C.E. to date is good. Our accounts’ totals as of 1-31-19 were:

- Operating (Fund) Account - $119,917.67;
- Scholarship account (Savings) - $6,815.85;
- Reserve Account (Savings) - $5,340.71

for a grand total of $132,074.23.

I hope everyone had a great holiday season and the New Year is off to a good start. I can’t believe that is already February. June will be here before we know it.

The program committee has been working really hard to get ready for the 2019 F.A.C.E. Conference, also F.A.C.E.’s thirty (30) year anniversary. It’s going to be a lot of fun.

Your Board of Directors are watching their respective budgets and keeping spending down to a minimum. F.A.C.E. is in great shape financially. Membership seems to be on the upward trend so if you know anyone in Code Enforcement who is not part of this great organization, get them on board now. Just a reminder, that your Annual fees of $35.00 are now past due if not already paid. Any submission of Annual fees at this point forward will require a late charge of $20.00.

We are still looking for people to be on the finance committee. If you are interested, please submit a Committee application form. We will probably only meet once this year but may have a conference call or two.

The Joseph V. Huskey Award

Joseph V. Huskey founded The Florida Association of Code Enforcement (F.A.C.E.) in 1989. He was the Association's first President and envisioned an organization that would promote and advance the profession and practice of Code Enforcement in Florida. Mr. Huskey held the office of President during 1990/1991. The following year the Joseph V. Huskey Award was established to recognize a code enforcement officer who exceeded what was expected of him/her. One who went beyond the normal job duties and by doing so helped to continue the advancement of our profession. This prestigious recognition has so far been awarded to nineteen code enforcement officials. Each has been proud to carry on the vision of Mr. Huskey.

Each year the Board of Directors requests nominations for candidates to be considered for this award. Please take the time to let us know about someone you may feel promotes our profession with the exemplary vision of Mr. Huskey.

Nominate someone who deserves this recognition for advancing our profession.

Send your nomination, in one page or less, to: UCF Institute of Government, Huskey Award, 12443 Research Parkway, Suite 402, Orlando, FL 32826 before May 1st. (Current members of the Board of Directors are not eligible for this award.)
