PURPOSE OF SFACE:

- To increase South Florida networking and coordination efforts among fellow code professionals.
- To resolve regional code related issues, discuss ordinances and personnel issues.
- To create standard educational tools that would be beneficial to South Florida citizens.
- To assist the Florida Association of Code Enforcement (F.A.C.E.) with their goals; commit to publishing an article in the Interface newsletters.
- To be a working organization creating solutions.
- To improve the service and quality of life for citizens within South Florida.
- To improve the prestige of Code Enforcement Officials by the promotion of higher standards of education and efficiency in the administration and application of environmental laws.
- To provide professional assistance and technical advise to governmental agencies in the promulgation and administration of environmental laws.
- To provide the public with general interpretation of codes and code enforcement.
